

Simulator Games

E6 Golf – Immerse yourself in a variety of golf simulations, from 18 hole on perfectly rendered versions of your favorite courses around the world, to practice swings at the driving range, to analysis of your swings and ball flight data with unprecedented precision.

Visual Football – Seconds left in the game, down by two points, the crowd is roaring. Hero or goat, it's all down to your kick. Our precision ball tracking gives real-time feedback on ball location and speed after every attempt, and instant replays lets you relive the glory or agony.

Visual Hockey – Hockey is a game of both power and precision, and so is our interactive simulator. Choose from three game modes to take your best shot against goalies from around the world, to fire your hardest slap shot, or to test your placement with Target Challenge.

Home Run Derby – BATTA... BATTA... SWING!!
Play in a variety of environments, from The Stadium to The Back Lot. Try precise ball placement aiming to the targets or see if you can hit it out of the park.

Quarterback Challenge - Seconds left in the game, down by two points, the crowd is roaring. Hero or goat, it's all down to your kick. Our precision ball tracking gives real-time feedback on ball location and speed after every attempt, and instant replays lets you relive the glory or agony.

Carefully crafted to simulate an intensely real stadium environment, our rugby game gives you a chance to test your skill and your nerves as you kick conversions. After the game each player's attempts and conversions are displayed in the post-game analysis screen.

Shooters – Try your hunting and shooting skills in a variety of scenarios using laser beam weapons.

Visual Soccer – Choose from 1 or 2 players, and which of two game modes to try, then test your kicking power and skill. Go head-to-head with a goalie in Penalty Mode, or try to bend the ball around defenders in Set Piece Mode. After every game, you'll see shot location, average speed, goals, and misses.

Wild Game Hunt – Try your hunting and shooting skills in a variety of scenarios using laser beam weapons.

Zombie Dodgeball – For zombie hunters of all ages, fight back an invasion armed only with a dodgeball and your own arm. Choose from a variety of creepy worlds, like The Graveyard or The King's Lair, then knock down the undead hordes before they can escape, or else.

Visual Baseball – Finally know the excitement of taking the mound to try your fastball against opposing batters. Play in a variety of environments, from The Stadium to The Back Lot, and see precise data about the speed and placement of every pitch.

Visual Basketball – Take to the hardwood to sink baskets from all over court. Choose 1 or 2 players then select from five environments including an arena and space station, then try to shoot the lights out. The basket moves after every successful basket and our precision tracking measures each shot to the inch.

Visual Bocce – This is the traditional Bocce game with a Visual Sports twist. Play it in a variety of settings, from a mansion to a shanty and even under water!

Carniville – Step right up and try your skill at your favorite midway games. Knock down milk bottles, pop balloons or break plates, and watch the challenge get harder the farther you go. If you have what it takes to get high score, you'll unlock a "Dunk the Clown" bonus round.

Visual Cricket – It's just you and the batsman as you step up to bowl. Victory can be yours if you send it home with speed and perfect placement. After every bowl, you'll see the results and ruling, and can even take another look with instant replay.
